

## ANNEX 12

### PROPOSED DSA RATE FOR CALCULATION OF IN-KIND CO-FINANCING AND RESULTS ON ACTIVITIES-BASED CO-FINANCE

#### I. INTRODUCTION

This paper aims to present the amounts of required co-finance from each participating country in comparisons with allocated budgets for each component and activity by country. And the amounts of co-finance from the Southeast Asian Fisheries Development Center (SEAFDEC) to support the implementation of both regional and national activities. In addition, the PCU proposes the DSA rate as a reference for calculation of the co-finance in any activities implemented by country and SEAFDEC. In addition, based on the DSA rate, the PCU present the activities-based co-finance submitted by 4 countries namely Cambodia, Malaysia, Philippines and Thailand, and SEAFDEC for consideration and endorsement for further reporting to the UNEP and GEF.

#### II. ALLOCATED BUDGET FOR PROJECT IMPLEMENTATION

The overall GEF allocated budget by activities in each project component and the amounts of co-financing are shown in the appendix 1. The details of GEF funded budget for country and SEAFDEC implementation are described by activities in each project component as appeared in Table 1. The allocations of GEF funded budget to each participating country are based on the number of fisheries *refugia* sites agreed during the project Inception workshop such as establishment of 3 *refugia* sites in Cambodia, Indonesia, Philippines and Viet Nam will receive an amount of 297,500USD each. However for Malaysia and Thailand, proposed 2 *refugia* sites, will receive 248,000 USD for four years implementation starting from 2017-2020. Please also refers to the WP 2 of which the list of activities were described in details for national activities as well as regional activities supported by SEAFDEC and the PCU. The table 1 also shows the detailed budget for each main activities under the 4 project component. This table will include the amount of 1,314,000USD to SEAFDEC to support participating countries, implementing the regional activities and managing overall project activities including organizing the regional meeting agreed in the project document. SEAFDEC will not receive any budget for activities under the project Component 1, however, SEAFDEC and PCU will provide assistance to all participating countries under this component and other 3 assigned components.

Taking into consideration the Table 2, of which present the estimated co-finance from each participating countries as well as from SEAFDEC, shows very clear support from SEAFDEC in assisting to all participating. SEAFDEC have prepared the in-kind co-financing as well as cash to either direct or indirect to enhance the capacity for implementation the national project. In addition, the table 2 presents the required co-finance of each main activities from each participating countries. In this connection, refers to the cost of the project mentioned in the Project Document found that the majority of the co-financing for the project comes from the fisheries agencies of the participating governments (US\$1,148,644 cash; and US\$5,036,806 in-kind) and from SEAFDEC, the regional executing entity for the project (US\$3,876,400 cash; and US\$2,456,000 in-kind) as shown in Table 3.

Table 1: GEF funded budget for project implementation by Countries and SEAFDEC

Table 3: overall cost of the project and detailed co-financing

### III. DSA RATE FOR CO-FINANCING CALCULATION

With attempt to calculate the rates of daily subsistence allowance (DSA), the PCU compile the salary of different officer levels (such Director-General, National Focal Point, National Scientific and Technical Focal Point, and other Fishery Officers) in comparison with the UN rate based on the UN Traveling Allowance of 6 participating member countries as shown in Table 4. The UN DSA rates for each participating country is based on the rate of Capital city. For the project, PCU proposes to use the average UN daily rate from 6 countries of which about 201 USD. However, the proposed DSA rate for the project is 160USD due to most of the events/activities/meetings provide meal, therefore the rate will be reduced by 20% of the 201USD which is equivalent to about 160USD. The proposed 160USD as a reference for calculation of the Co-financing will be applied to all level of involved people in the project. Comparison to other project such as the Implementing of the SAP for the SCS, The SCS proposes to use 160USD as a reference point. In addition, the GEF/FAO project on REBYCII which was end the project in 2016 used 133USD for the meeting.

Table 4: The proposed DSA rate in comparison to the National daily rate in 6 participating countries

<b>A</b>	Salary per month (USD)					
	NFRC	NFP	NSTC	Other avg	Other-min	Other-max

#### IV. OVERHEADS CHARGES FOR RELAVANT OFFICERS FROM NATIONAL LEAD AGENCY

The estimated salary of key persons from National Lead Agency who involved in the project implementation, such as the National Fisheries *Refugia* Committee (NFRC), the National Scientific and Technical Committee (NSTC), are calculated for the In-kind Co-financing as shown in Table 5. Using the daily rate 160USD and 220 working days in a year, the total estimated annual in-kind Co-financing from each participating country is 171,072 USD which including NFRC and NSTC.

Table 5: Estimated annual In-kind Co-financing from NFRC and NSTC

National Fisheries Refugia Committee	2017	2018	2019	2020	Daily Rate	Days Per Year	Total Cost/ year

In addition the total annual in-kind Co-financing from SEAFDEC is in the same way calculated as shown in Table 6. The positions of SEAFDEC staffs includes one Technical Coordinator, one Secretary, one financial officer, and Chief of the SEAFDEC/Training Department. The annual in-kind co-financing from SEAFDEC is about 87,296 USD

Table 6: Estimated annual In-kind Co-financing from SEAFDEC

PCU and SEAFDEC Staffs	2017	2018	2019	2020	Daily Rate	Days Per Year	Total

#### V. RESULTS OF ACTIVITIES-BASED CO-FINANCING FROM PARTICIPATING COUNTRIES AND SEAFDEC

The activities-based co-financing from 4 participating countries, namely Cambodia, Malaysia, Philippines and Thailand, and SEAFDEC are presented in the Appendix 2, 3, 4, 5 and 6, respectively. Table 7 presents the total co-financing (In-kind and Cash in USD) from each participating country and SEAFDEC for 2017 and 2018. The actual co-financing from Cambodia, Malaysia, Philippines, Thailand and SEAFDEC in 2017 are 255,482.00USD,

121,696.00USD, 199,392.00USD, 98,016.00USD, and 261,624.32USD, respectively. Please be noted that the actual co-finance for SEAFDEC in 2017 is included the Inception Workshop arrangements in 2016. For 2018, the actual co-financing is calculated from quarter 1 to quarter 3 (by 30 September 2018) only. The actual co-financing from Cambodia, Malaysia, Philippines, Thailand and SEAFDEC in 2018 are 169,232.00USD, 235,511.00USD, 158,724.78USD, 141,424.00USD, and 857,952.58USD, respectively. In addition, the total remaining co-financing from each participating country (including Indonesia and Viet Nam) and SEAFDEC is about 10,218,795USD for the 4<sup>th</sup> Quarter of 2018, 2019 till end of the project in 2020.

Table 7: the actual co-financing from participating countries and SEAFDEC for 2017 and 2018 (Q1-Q3).

	CAMBODIA	INDONESIA	MALAYSIA	PHILIPPINES	THAILAND	VIET NAM	SEAFDEC	ALL TOTAL
Total in-Kind Co-finance (2017-2020) (A)	1,091,464.00	1,091,464.00	909,797.00	1,091,464.00	909,797.00	1,091,464.00	6,532,400.00	12,717,850.00
2017 Actual Co-finance	In-kind	253,632.00	-	121,696.00	199,392.00	98,016.00		163,264.00
	Cash	1,850.00	-	-	-	-		98,360.32
	<b>Sub-Total (B1)</b>	<b>255,482.00</b>		<b>121,696.00</b>	<b>199,392.00</b>	<b>98,016.00</b>		<b>261,624.32</b>
2018 Actual Co-finance	In-kind	167,984.00	-	210,384.00	142,544.00	141,424.00		560,352.00
	Cash	1,248.00	-	25,127.00	16,180.78	-		297,600.58
	<b>Sub-Total (B2)</b>	<b>169,232.00</b>		<b>235,511.00</b>	<b>158,724.78</b>	<b>141,424.00</b>		<b>857,952.58</b>
Remained Co-finance needs (C = A-(B1+B2))	666,750.00	1,091,464.00	552,590.00	733,347.22	670,357.00	1,091,464.00	5,412,823.10	10,218,795.32

## VI. ACTION BY THE PROJECT STEERING COMMITTEE

- The committee is invited to seek clarification, suggestion/comments and advise on this working paper;
- The committee is also requested to consider and adopt a reference DSA rate of 160USD for calculation of the Co-financing from countries and SEAFDEC.
- The committee is also requested to advise participating countries on inputs for co-financing in details of project component/activities for effective monitoring.

Appendix 1:

<b>Budget per Component - Summary Table - Fisheries Refugia FSP - Regional (as of 28 Nov 2018)</b>				
<b>Project Components/Activities/Sub-activities</b>		<b>GEF Funding</b>	<b>Co-Financing</b>	<b>Total Project Cost</b>
<b>Component 1</b>	<b>Identification and management of fisheries and critical habitat linkages at priority fisheries refugia in the South China Sea</b>	<b>754,900</b>	<b>3,707,830</b>	<b>4,462,730</b>
<b>Activity 1.1</b>	<b>Developing fisheries and coastal habitat information and data collection programmes for 14 priority fisheries refugia sites</b>	<b>110,600</b>	<b>553,000</b>	<b>663,600</b>
Sub-Activity 1.1.1	Review existing information and data on fisheries and coastal habitats at 14 sites, including identification of management needs	28,000	140,000	168,000
Sub-Activity 1.1.2	National consultation workshops to secure community and fisherfolk support in information & data collection	18,200	91,000	109,200
Sub-Activity 1.1.3	Design and conduct site-based surveys to produce fisheries and habitat profile report for 14 sites	32,400	162,000	194,400
Sub-Activity 1.1.4	Design and conduct fisheries surveys at the 14 sites and submit data to national & regional online databases	32,000	160,000	192,000
<b>Activity 1.2</b>	<b>Facilitating agreement among stakeholders on the boundaries of fisheries refugia at 14 priority fisheries refugia sites</b>	<b>155,800</b>	<b>779,000</b>	<b>934,800</b>
Sub-Activity 1.2.1	Conduct consultations (including at-sea) to draft maps of fisheries refugia for priority species	29,328	146,639	175,967
Sub-Activity 1.2.2	Prepare maps for 14 refugia and elicit fisherfolk input to boundary delineation through consultation	43,479	217,395	260,874
Sub-Activity 1.2.3	Conduct assessment of environmental and social impacts of designation of sites as refugia	39,651	198,254	237,904
Sub-Activity 1.2.4	Secure formal municipal/local government designation of site as fisheries refugia	43,342	216,712	260,054
<b>Activity 1.3</b>	<b>Developing Community-Based Management Plans for 14 priority fisheries refugia sites</b>	<b>169,300</b>	<b>846,500</b>	<b>1,015,800</b>
Sub-Activity 1.3.1	Consultations to identify key threats to fisheries refugia sites and identify management measures	20,355	101,773	122,127
Sub-Activity 1.3.2	Management plans for 14 sites developed through community-based consultations	31,632	158,160	189,792
Sub-Activity 1.3.3	Regulations/rules required for refugia management drafted with fisherfolk and local authorities	60,284	301,421	361,705
Sub-Activity 1.3.4	Management plans adopted by local authorities and regulatory reforms enacted	57,029	285,146	342,175
<b>Activity 1.4</b>	<b>Establishing operational management for 14 priority fisheries refugia sites</b>	<b>297,800</b>	<b>1,302,004</b>	<b>1,599,804</b>
Sub-Activity 1.4.1	Establish management teams and site-based volunteer networks at 14 sites	28,715	143,576	172,291
Sub-Activity 1.4.2	Conduct practical capacity building programme for management volunteers at 14 sites	33,740	168,701	202,442
Sub-Activity 1.4.3	Coordinate monthly training and awareness activities at 14 sites, including pilot mgmt activities	47,859	239,293	287,151
Sub-Activity 1.4.4	Develop and implement collaborative observer and enforcement programmes for management plan implementation at 14 sites	187,486	750,434	937,920
<b>Activity 1.5</b>	<b>Strengthening civil society and community organization participation in the management of 14 fisheries refugia sites</b>	<b>21,400</b>	<b>227,326</b>	<b>248,726</b>
Sub-Activity 1.5.1	Support local GEF Small Grant Programme proponents in design and execution of projects	16,000	114,948	130,948
Sub-Activity 1.5.2	Document and share examples of best practice at regional and national levels in the 6 countries (share with IWLEARN)	5,400	112,378	117,778
<b>Component 2</b>	<b>Improving the management of critical habitats for fish stocks of transboundary significance via national and regional actions to strengthen the enabling environment and knowledge-base for fisheries refugia management in the South China Sea</b>	<b>746,000</b>	<b>5,123,217</b>	<b>5,869,217</b>
<b>Activity 2.1</b>	<b>Enhancing policy guidance for improved management of the effects of fishing on critical habitats in the 6 participating countries</b>	<b>84,000</b>	<b>675,558</b>	<b>759,558</b>
Sub-Activity 2.1.1	Identify and document key threats from fishing and the environment to fish stock and critical habitat linkages at 14 priority sites in the 6 participating countries	18,000	147,920	165,920
Sub-Activity 2.1.2	Formulate recommendations on policy and legal reforms to support promotion of responsible fishing at 14 priority sites in the 6 participating countries	12,000	261,609	273,609
Sub-Activity 2.1.3	Facilitate consultations with fisheries industry and competent authorities on policy reforms for responsible fishing gear and practices in the participating countries	42,000	138,520	180,520
Sub-Activity 2.1.4	National policy reform to promote fisheries sector's sustainable use of fish habitats and biodiversity	12,000	127,509	139,509
<b>Activity 2.2</b>	<b>Defining the policy and legal basis for formal designation and establishment of fisheries refugia in the 6 participating countries</b>	<b>42,000</b>	<b>331,734</b>	<b>373,734</b>
Sub-Activity 2.2.1	Reviews of policy and legal aspects on refugia (terminology, procedures, recommended reforms) in the 6 participating countries	30,000	221,560	251,560
Sub-Activity 2.2.2	National expert consultations to formulate agreed recommendations for policy and legal reforms in the 6 participating countries	12,000	110,174	122,174
<b>Activity 2.3</b>	<b>Development of national guidelines on the establishment and operation of fisheries refugia and reflected in an updated regional refugia action plan</b>	<b>64,000</b>	<b>399,459</b>	<b>463,459</b>
Sub-Activity 2.3.1	Draft national guidelines (based on 2.1.2) on procedures for designation and mgmt of fisheries refugia in 6 participating countries	30,000	128,231	158,231
Sub-Activity 2.3.2	National and local consultative process to elicit stakeholder input to the draft guidelines	28,000	126,492	154,492
Sub-Activity 2.3.3	Amend and finalise national guidelines for approval by National Fisheries Refugia Committees in 6 countries	6,000	94,736	100,736
Sub-Activity 2.3.4	Draft regional refugia action plan	0	50,000	50,000
<b>Activity 2.4</b>	<b>Reforming national and regional policy, legal and planning frameworks for demarcating boundaries and managing refugia</b>	<b>126,000</b>	<b>533,388</b>	<b>659,388</b>
Sub-Activity 2.4.1	Based on 2.1.2 & 2.1.3, draft required policy and legal reforms to support refugia establishment and mgmt in 6 participating countries	30,000	118,260	148,260
Sub-Activity 2.4.2	Convene national and local stakeholder consultations to review draft text for adoption in 6 countries	18,000	150,780	168,780
Sub-Activity 2.4.3	Facilitate approval and adoption of reforms by the authorities at national and provincial levels for 14 priority sites in 6 countries	18,000	161,458	179,458
Sub-Activity 2.4.4	Develop Regional Action Plan for the management of refugia in coastal areas of the 6 participating countries	60,000	102,890	162,890
<b>Activity 2.5</b>	<b>Enhancing access to information relating to status and trends in fish stocks and their habitats in waters of the SCS marine basin</b>	<b>96,000</b>	<b>652,652</b>	<b>748,652</b>
Sub-Activity 2.5.1	Compile information and data derived from abundance surveys in 6 countries for longer-term management	18,000	132,284	150,284
Sub-Activity 2.5.2	Compile information and data derived from surveys on size-frequency of priority species in 6 countries	18,000	130,324	148,324
Sub-Activity 2.5.3	Compile information and data on landings of priority species (volume/value, fishing areas and gears) in South China Sea waters	30,000	146,420	176,420
Sub-Activity 2.5.4	Produce annual syntheses reports of new and additional information for national and regional review	15,000	123,200	138,200
Sub-Activity 2.5.5	Revise national reports on fish stocks and habitats in the South China for each 6 participating countries	15,000	120,424	135,424
<b>Activity 2.6</b>	<b>Improved national and regional-level management and sharing of information and data on fish early life history in the waters of the SCS</b>	<b>117,000</b>	<b>1,388,242</b>	<b>1,505,242</b>
Sub-Activity 2.6.1	Prepare 6 national and 1 regional inventory of fish egg and larvae samples collected from SCS waters of the 6 participating countries	30,000	221,220	251,220
Sub-Activity 2.6.2	Develop and maintain 6 national databases and 1 regional database of fish egg and larval fish distribution and abundance	45,000	389,180	434,180
Sub-Activity 2.6.3	Convene annual one-day workshops in the 6 participating countries to monitor the implementation of national programmes for the processing/analysis of fish egg and larvae samples	12,000	387,242	399,242
Sub-Activity 2.6.4	Prepare annual status reports on fish early life history research for each participating country for regional review	30,000	390,600	420,600
<b>Activity 2.7</b>	<b>Enhancing access to information relating to the locations and status of coastal habitats and management areas in the SCS</b>	<b>90,000</b>	<b>454,368</b>	<b>544,368</b>
Sub-Activity 2.7.1	Compile and update information and data in 6 * National and 1 * regional Google Earth based GIS on: distribution of habitats; known spawning areas; locations of refugia; MPAs; fisheries management areas; critical habitats for endangered species	72,000	223,508	295,508
Sub-Activity 2.7.2	Prepare annual synthesis of new and additional information included in databases (2.7.1)	18,000	230,860	248,860
<b>Activity 2.8</b>	<b>Strengthening the information base for the planning, monitoring and evaluation of management at priority fisheries refugia sites</b>	<b>27,000</b>	<b>37,816</b>	<b>64,816</b>
Sub-Activity 2.8.1	Based on 1.1.4, produce detailed site characterizations for 14 priority/refugia for incorporation into national and regional datasets	27,000	37,816	64,816
<b>Activity 2.9</b>	<b>Improving basin-wide understanding of linkages between ocean circulation patterns, nutrient/chlorophyll concentrations, and sources and sinks of fish larvae in the South China Sea</b>	<b>40,000</b>	<b>390,000</b>	<b>430,000</b>
Sub-Activity 2.9.1	Development of modelling system linking oceanographic, biochemical, and fish early life history information for management	40,000	340,000	380,000
Sub-Activity 2.9.2	Publication of report on application of modeling system in identifying priority locations for replication and scaling-up best practices	0	50,000	50,000
<b>Activity 2.10</b>	<b>Regionally and locally appropriate best practices generated to address the effects of trawl and push net fishing on seagrass habitat, and the capture of juveniles, pre-recruits and fish in spawning condition</b>	<b>60,000</b>	<b>260,000</b>	<b>320,000</b>
Sub-Activity 2.10.1	Best practice fishing methods and practices to address threats to fish stock and habitat linkages demonstrated at priority refugia	60,000	260,000	320,000

Appendix 1: *continued*

<b>Component 3</b>	<b>Information Management and Dissemination in support of national and regional-level implementation of the fisheries refugia concept</b>	<b>299,600</b>	<b>2,263,747</b>	<b>2,563,347</b>
<b>Activity 3.1</b>	<b>Enhancing uptake of best practices in integrating fisheries management and biodiversity conservation in the 6 participating countries</b>	<b>87,600</b>	<b>672,371</b>	<b>759,971</b>
Sub-Activity 3.1.1	Quarterly capture and documentation of best practices in the establishment and operation of fisheries refugia in the 6 countries	28,800	248,848	277,648
Sub-Activity 3.1.2	Online catalogue of best practices approaches and measures developed and updated each 6 months	30,000	174,373	204,373
Sub-Activity 3.1.3	6 monthly development of communications on best practices for dissemination and syndication, both nationally and regionally	28,800	249,150	277,950
<b>Activity 3.2</b>	<b>Improving community acceptance of area based approaches to marine management in the 6 participating countries</b>	<b>78,000</b>	<b>523,576</b>	<b>601,576</b>
Sub-Activity 3.2.1	Produce locally appropriate public awareness and outreach materials to promote local social, economic and environmental benefits of fisheries refugia	24,000	120,000	144,000
Sub-Activity 3.2.2	In connection with activity 1.4.3, implement targeted annual outreach programmes at priority communities at the 14 sites in the SCS	24,000	253,576	277,576
Sub-Activity 3.2.3	Benchmark and annually track community acceptance of refugia approach as a marine spatial planning tool	30,000	150,000	180,000
<b>Activity 3.3</b>	<b>Knowledge generated and experiences from establishing and operating fisheries refugia captured and shared nationally, regionally, and globally</b>	<b>30,000</b>	<b>471,800</b>	<b>501,800</b>
Sub-Activity 3.3.1	Establish and operate 6 national and 1 regional web portals for knowledge management on fisheries refugia	30,000	150,000	180,000
Sub-Activity 3.3.2	Prepare and publish 6 GEF International Waters Experience Note on application of refugia approach at the national level	0	25,800	25,800
<b>Activity 3.4</b>	<b>Information and Education Campaigns for small-scale fisherfolk on the links between fisheries, habitats and biodiversity coordinated regionally through a Regional Education and Awareness Centre</b>	<b>44,000</b>	<b>296,000</b>	<b>340,000</b>
Sub-Activity 3.4.1	Establishment of Regional Education and Awareness Centre on fisheries and critical habitats	15,000	226,000	241,000
Sub-Activity 3.4.2	Production (and regional-level sharing) of information and education materials for fisheries refugia management	29,000	70,000	99,000
<b>Activity 3.5</b>	<b>Standardised methods for collection and analysis of information and data for use in assessing impacts of refugia and design appropriate indicators for the longer-term operation of the regional system of fisheries refugia</b>	<b>60,000</b>	<b>300,000</b>	<b>360,000</b>
Sub-Activity 3.5.1	Develop standardised information and data collection procedures in support of a regional system of fisheries refugia	40,000	200,000	240,000
Sub-Activity 3.5.2	Regional consultation to agree on stress reduction and environmental state indicators for managed refugia	20,000	100,000	120,000
<b>Component 4</b>	<b>National and regional cooperation and coordination for integrated fish stock and critical habitat management in the South China Sea</b>	<b>1,199,500</b>	<b>1,623,056</b>	<b>2,822,556</b>
<b>Activity 4.1</b>	<b>Strengthened cross-sectoral coordination in the establishment and operation of fisheries refugia in the participating countries</b>	<b>24,000</b>	<b>359,198</b>	<b>383,198</b>
Sub-Activity 4.1.1	Develop and agree ToR, membership & operational rules for National Fisheries Refugia Committee's (or equivalent) for 6 countries	0	18,316	18,316
Sub-Activity 4.1.2	Establish and convene quarterly meetings of the National Fisheries Refugia Committee (NFRC) (or equivalent) for 6 countries	24,000	291,394	315,394
Sub-Activity 4.1.3	NFRC review and endorsement of quarterly work plans and progress and financial reports, including tracking of continuity of participation of stakeholders, in each of the 6 participating countries	0	37,964	37,964
Sub-Activity 4.1.4	National NFRC inputs to mid-term review and terminal evaluation of national and regional aspects of project in 6 countries	0	11,524	11,524
<b>Activity 4.2</b>	<b>Harnessing national scientific and technical expertise and knowledge to inform policy, legal and institutional reforms for fisheries refugia</b>	<b>12,000</b>	<b>218,398</b>	<b>230,398</b>
Sub-Activity 4.2.1	Establish & convene 6 monthly meetings of the National Scientific and Technical Committee (or equivalent) in each of the six countries	12,000	178,236	190,236
Sub-Activity 4.2.2	Provision of technical and scientific inputs to planning of activities in components 1, 2 and 3 led by National Lead Agencies in each of 6 participating countries	0	40,162	40,162
<b>Activity 4.3</b>	<b>Catalyzing local community action via establishment and operation of site-based management boards at 14 priority refugia sites</b>	<b>53,500</b>	<b>445,460</b>	<b>498,960</b>
Sub-Activity 4.3.1	Review governance arrangements at each site to identify required ToR and membership of site-based management boards, including links to other local planning bodies	0	0	0
Sub-Activity 4.3.2	Establish and convene quarterly meetings of site-based management boards at the 14 sites	0	33,960	33,960
Sub-Activity 4.3.3	Preparation of quarterly work plans and progress and financial reports on activities at each of the 14 sites	53,500	411,500	465,000
<b>Activity 4.4</b>	<b>Regional cooperation in the integration of scientific knowledge and research outputs with management and policy making</b>	<b>140,000</b>	<b>100,000</b>	<b>240,000</b>
Sub-Activity 4.4.1	Establishment and operation of the Regional Scientific and Technical Committee (biannual meetings)	140,000	100,000	140,000
<b>Activity 4.5</b>	<b>Regional cooperation in the establishment and operation of a regional system of fisheries refugia</b>	<b>100,000</b>	<b>100,000</b>	<b>200,000</b>
Sub-Activity 4.4.2	Establishment and operation of a regional Project Steering Committee (PSC) (annual meetings)	100,000	100,000	200,000
<b>Activity 4.6</b>	<b>Effective coordination of regional and national-level activities and reporting requirements of UNEP and GEF satisfied</b>	<b>870,000</b>	<b>400,000</b>	<b>1,270,000</b>
Sub-Activity 4.6.1	Establishment and operation of the regional Project Coordinating Unit, including appointment and retention of Chief Technical Advisor/Regional Project Manager	870,000	400,000	1,270,000
	<b>TOTAL PROJECT COST (\$)</b>	<b>3,000,000</b>	<b>12,717,850</b>	<b>15,717,850</b>

Appendix 2: A) 2017 Activities-based Co-financing for Cambodia

#	Quarter	Date	Title	Activity	Calculated Co-finance				Venue	Host	Problem	Suggestion/ ways to solve	Request to PCU	Notes
					In-kind (\$)	# Prs	Cash \$	Sources						
1	Q1/2017	5-Jun-17	Site Selection and Interview with Kampong Som Fisheries Administration Cantonment Officers in Preah Sihanouk	<will be identified>	1,440.00	9			Kampong Som Fisheries Administration Cantonment office	FiA	The projec encounters some problem that causes of the project delay in implementation from March to June 2017 due to the following: 1. The nominated bank account was not open and took over 1 month for this to be resolved by FiA 2. Process of the authorization of the expenditures took much longer time 3. Limit capacity and times spend of the recruit two staff to perform of their duty 4. Not clear procedure for the financial project management	Regional Project Director visited FiA and met with the Director-General and project team to discuss cause of the problems and possible solutions as agreed below: 1. The project financial management should follow to the specific of its own procedure based on the Fisheries administration. 2. Request official letter supporting document from Regional Project Director for the two recruit staff 3. Request endorsement letter from Regional Project Director to support for the 1st activities expenditure for the DSA from February to June, 2017.	Possible training on facilitating consultation workshop, assessing fishing capacity and effort dynamics at <i>refugia</i> site, and staging of fish maturity	meeting/consultation
2	Q1/2017	6-Jun-17	Ad-hoc Site Selection Consultation and Interview with Kampong Smach Sangkat Fisheries Administration Officer in Prey Noub District, Preah Sihanouk Province	<will be identified>	1,120.00	7			Kampong Smach Sangkat Fisheries Administration Office	FiA			meeting/consultation	
3	Q1/2017	6-Jun-17	Ad-hoc Site Selection Consultation and Interview with Prey Noub Fisheries Administration Division Officer in Prey Noub District, Preah Sihanouk Province	<will be identified>	1,120.00	7			Prey Noub Fisheries Administration Division Office	FiA			meeting/consultation	
4	Q1/2017	7-Jun-17	At Sea Survey of Suitable Location for Fisheries <i>Refugia</i> Site in Koh Rong, Preah Sihanouk Province	<will be identified>	1,120.00	7			Kep Fisheries Administration Cantonment Office	FiA			services/surveys	
5	Q1/2017	8-Jun-17	Site Selection Consultation and Interview with Kep Fisheries Administration Cantonment Officer in Kep Province	<will be identified>	1,600.00	10			Fisher House in Angkoal Village	FiA			meeting/consultation	
6	Q1/2017	9-Jun-17	Ad-hoc Site Selection Consultation and Interview with Fisherman in Angkoal Village in Kep province	<will be identified>	1,440.00	9			Koh Po Island	FiA			meeting/consultation
