

CAMBODIA		Signed Agreement:	25 MARCH 2017	Project Started:	MARCH 2017	
		National Lead Agency:	Fisheries Administration (FIA)	National Focal Point:	Mr. Ouk Vibol, Director of Fisheries Conservation	
FISHERY REFUGIA PROGRESS WORKS AS OF 30 JUNE 2020				ONWARD ACTIVITIES IN 2021-2022		
Proj Objective/Targets	Outcomes	Main Activity	Expected Outputs	PROGRESS AS OF Q2/2020	Expected Outputs in 2021-2022	Link to Component/Activities/BL
1) Effective management of key threats to 14 fisheries refugia sites (269,500 ha), including ~50 percent reduction in fishing pressure within sites at times critical to the life-cycles of fished species of transboundary significance	Reduced stress on fish stocks and coastal habitats via improved national management of key anthropogenic threats to fisheries and critical habitat linkages in the South China Sea and Gulf of Thailand	Identification and management of fisheries and critical habitat linkages at priority fisheries refugia in the South China Sea and Gulf of Thailand	<input checked="" type="checkbox"/> 3 fisheries refugia profile reports, including GIS maps & site characterisations, published	2/3 fisheries refugia profile reports are being drafted	completion of 3 fisheries refugia profiles	component 1, Activity 1.3, BL 1200, 1600, BL 3200, 3300, 5200
			<input checked="" type="checkbox"/> 1 published management plans		one national management plan completed	component 1, Activity 1.3, BL 1200, 1600, BL 3200, 3300, 5200
			<input checked="" type="checkbox"/> 4 annual reports	2/4 Annual reports submitted to the RSTC2 and RSTC3 in 2019, and 2020	2 Annual Report for 2021 and 2022	
			<input checked="" type="checkbox"/> 16 Quarterly reports of network meetings and activities [including list of participants and results of work]	8/16 Quarterly reports of networking activities	Continued activities for 6 quarterly reports	component 4, Activity 4.3, BL 1200, 1600, BL 3200, 3300
2) National and regional policy, legal and planning frameworks for demarcating boundaries and managing fisheries refugia, resulting in, inter alia, a 20 percent increase in small-scale fishing vessels using fishing gear and practices designed to safeguard fish stock and critical habitat linkages at priority sites	Increased institutional capacity in the 6 participating countries for the designation and operational management of fisheries refugia via the transformation of enabling environments and the generation of knowledge for planning	Improving the management of critical habitats for fish stocks of transboundary significance via national and regional actions to strengthen the enabling environment and knowledge-base for fisheries refugia management in the South China Sea and Gulf of Thailand	<input checked="" type="checkbox"/> One published national reviews and recommendations for reforms of national, provincial and municipal regulations/ordinances for responsible fishing practices at priority refugia	new law on fisheries included and classified marine fisheries refugia as a fisheries management area. This law will be promulgated and published by 2021 for wider use at national and provincial level	This law will be promulgated and published by 2021 for wider use at national and provincial level	
			<input checked="" type="checkbox"/> One endorsed revised policies	on the progress	One endorsed revised policies	
			<input checked="" type="checkbox"/> One published national guidelines on establishing and operating fisheries refugia	Drafting the national Guidelines	One published national guidelines on establishing and operating fisheries refugia	component 2, Activity 2.3, BL 1200, 1600, BL 3200, 3300, 5200
			<input checked="" type="checkbox"/> One national reports on policy, legal and institutional aspects of refugia establishment and management published	Drafting the national Report on Policy, legal and institutional aspects (government sub-decree)	One national reports on policy, legal and institutional aspects of refugia establishment and management published	Government sub-decree
			<input checked="" type="checkbox"/> Endorsed policy and executive orders, provincial/local ordinances and by-laws	Two endorsed policy by the Minister of MMAF: 1) Proclamation of the Establishment of Management Area of Short Mackerel Fisheries Refugia; 2) Proclamation of the Establishment of Management Area of Blue Swimming Crab Fisheries Refugia, and 3) proclamation on establishment of blood cockle fisheries refugia	Proclamation of the Establishment of Management Area of Grouper Fisheries Refugia in Kampot	component 1, Activity 1.3, BL 1200, 1600, BL 3200, 3300, 5200 & component 4, Activity 4.3 BL 1200, 1600, BL 3200, 3300, 2200
			<input checked="" type="checkbox"/> One endorsed National Action Plan for the management of priority fisheries refugia and associated biodiversity	Endorsed one Marine Fisheries Management Area (MFMA) Management Plan of Blue Swimming Crab Fisheries Refugia in KEP Province, and drafted management plan for Short mackerel in Koh Kong Province	Endorsed National Action Plan for the management of 3 priorities fisheries refugia and associated biodiversity	Component 1, Activity 1.3, BL 1200, 1600, BL 3200, 3300, 5200
			<input checked="" type="checkbox"/> 16 quarterly and 1 annual reports on fish stocks and habitats published online	8 quarterly reports on data collection were published. Status and trend are referred to national statistic (13 monthly reports and one national report of data collection of short mackerel gonad development stage and fish larvae distribution in Koh Kong province submitted to SEAFDEC/PCU)	Continued activities for published online	Component 2, Activity 2.5, BL 1200,2200
<input checked="" type="checkbox"/> 1 databases online and populated with datasets	N/A	N/A	N/A			
3) National and regional systems for knowledge management and sharing, including the development of indicator sets and standardized statistics to guide the replication, scaling-up and mainstreaming of good practices in the use of fisheries refugia as a spatial planning tool	Strengthened knowledge management and information sharing and access for enhanced uptake of good practice in integrating fisheries management and biodiversity conservation in the design and implementation of fisheries and environmental management	Information Management and Dissemination in support of national and regional-level implementation of the fisheries refugia concept in the South China Sea and Gulf of Thailand	<input checked="" type="checkbox"/> 1 online national catalogue of best practice approaches and measures	N/A	N/A	N/A
			<input checked="" type="checkbox"/> 4 communications on best practices published and syndicated	N/A	N/A	N/A
			<input checked="" type="checkbox"/> 4 awareness materials published online	N/A	N/A	N/A
			<input checked="" type="checkbox"/> 4 Annual reports of outreach programmes at 3 priority locations, including tracking of extent of community acceptance	several reports submitted are related to the Outreach programmes	Annual reports of outreach programmes at 3 priority locations, including tracking of extent of community acceptance	
			<input checked="" type="checkbox"/> 1 online national web portals on fisheries refugia	-	1 online national web portals on fisheries refugia	
4) Effective multi-lateral and intergovernmental communication and joint decision-making, including the use of a consensual knowledge-base in planning ecologically and cost-effective management actions	Cost-effective and efficient coordination of national and regional level cooperation for integrated fisheries and environmental management	National and regional cooperation and coordination for integrated fish stock and critical habitat management in the South China Sea and Gulf of Thailand	<input checked="" type="checkbox"/> 1NFRCTerms of Reference	Completed	Completed	
			<input checked="" type="checkbox"/> 8 biannual meeting reports (joint management decisions and participant lists)	2 biannual meeting reports		
			<input checked="" type="checkbox"/> 1NSTCTerms of Reference	Completed	Completed	
			<input checked="" type="checkbox"/> 16 quarterly meeting reports (scientific and technical advice and participants lists)	2 NSTC Meetings and 23 Technical and baseline survey Reports	Continued activities	component 4, Activity 4.3, BL 1600, BL 3200, 3300
			<input checked="" type="checkbox"/> 3 Management Board Terms of Reference	two management board term and reference	one management board term and reference will be completed	component 4, Activity 4.3, BL 1600, BL 3200, 3300
<input checked="" type="checkbox"/> 48 quarterly meeting reports (joint management decisions and participant lists)	31 Meeting reports on Joint management decision at sites level	Continued activities	component 4, Activity 4.3, BL 1600, BL 3200, 3300			

Remarks : Country needs to identify the link of Expected Outputs to the Component/Activities/Budget line appears in the template of Costed Workplan (for example Activities 2.5 = Component 2, Activity 5)
